The activation is a very simple process, done by yourself, using a specially embedded activation code to 'unlock' the energies in this ebook. The four step process is outlined below and should only take you around five minutes or so to complete.

(For more information about the activation codes or the activation process - please visit our [Activation Codes FAQ's](#)).

■ 1) Preparation:

THE UNIFIED PATHWAY TO TRANSCENDING THE LIGHT

VOLUME 1 - THE UNIFIED TRUTH

FOREWORD:

It is with much love & light that we congratulate you on taking this step into what is now a deeper and faster rate of healing, growth and purification for the benefit of all. Incredibly, The Transcending The Light series helps us grow at an even more accelerated rate than experienced through The Unified Pathway To Light!

The symbols that we are calling on here in The Unified Pathway To Transcending The Light are from a much higher dimension and as such, they are able to accelerate the healing power more than we have seen before in previous levels. The symbols and healing practices also appear to be simpler in structure (as you will see in the practices) and are more refined and powerful than before. Wonderful!

Up until this point, The Unified Pathway To Light energies have provided you with a super strong energetic foundation for these new and accelerated Transcending The Light energies to now be received. This groundwork has also allowed for your energies to move more freely and this is why these new layers of energies are now more capable of helping you move towards a far greater expansion & growth in a relatively shorter period of time.

So congratulations! This in itself shows your progress on this healing pathway to date! By clearing away so much of the impurity & darkness from within, you have now reached a higher, more efficient level of healing for the benefit of all!

We do however understand and acknowledge that this pathway so far will have certainly provided it's challenges for you, however we do hope that The transcending The Light energies enable you to reap the rewards of what you have previously sewn!

Congratulations and welcome to these beautifully transcending energies!

THE UNIFIED PATHWAY TO TRANSCENDING THE LIGHT

VOLUME 1 - THE UNIFIED TRUTH

AN OVERVIEW OF THE UNIFIED PATHWAY TO TRANSCENDING THE LIGHT:

The Unified Pathway To Transcending The Light is a very beautiful pathway, filled with ascensions, transcensions, healing, love & light and is received over four volumes. The teachings will follow the same format as The Unified Pathway To Light in that you will simply need to download each volume of ebook from our website and then activate the energies yourself for each individual volume.

Once the energies are activated / unlocked, all of your attunements & energies for that particular volume are activated specifically for you. You are then ready to do the healing practices and move into to a higher vibration!

IMPORTANT REMINDER: When you activated the energies for this ebook (on Page III), this has activated all of the energies for the entire ebook. Therefore, you can simply follow along with the instructions in the ebook to receive these Unified Truth energies with love!

As you move through each of the four volumes of The Unified Pathway To Transcending The Light, you will be guided through a number of different ascension processes up until a point of final transcension which is experienced at the conclusion of the volume four practices. This volume four 'pinnacle' is a truly magical and profound 14 day period of transcension and we would therefore highly recommend that you move forwards up until this finale if you are able to!

For Marty and Gerry, as they moved through this final transcension process, they finally felt like they had found some sort of 'higher' happiness on their pathway. (Rather than what has often felt like a continuous cycle of purification, healing, emotional imbalance and upheaval!)

They share this information with you here to help inspire you towards moving forwards towards this final goal but to also help you understand that whatever you are going through, no matter how difficult it may seem - there is some light to be had at the end of the tunnel!

Everything you are facing right now is all part of the transformational journey towards this new & unified consciousness. It is like unravelling thousands of years worth of karmic imprints in only a few short years so please bear with the healing process a little while longer so you can reach this truly astounding new light!

It is also important and perhaps helpful to remember that you are undergoing deeply profound changes here in your energetic vibration as you move from the old egoic consciousness to the new unified consciousness. This is no small feat!

Finally, we hope you enjoy this new transcension pathway and may it bring much transcended happiness, joy & love into your life!

The Unified Pathway To Transcending The Light

VOLUME ONE

PHASE ONE: THE BLUE SHIELD

WELCOME, WITH LOVE, TO PHASE ONE - THE BLUE SHIELD:

Congratulations again on embarking on your Unified Pathway To Transcending The Light journey!

The Blue Shield is the first transcension of light requiring around 7 - 8 weeks to complete. The practices are very simple and easy to work with and bring a gentle yet wonderful ascension into a new realm of consciousness.

These Blue Shield energies were seen by Gerry as a dark blue 'dome' of energy that sits above us like the night sky (see the picture on the next page) and during this first phase, we are being guided to transcend this Blue Shield energy into what is a higher state of awareness & light.

The Blue Shield can be commenced after 4-6 weeks from completing The Unified Pathway To Light (either Master or Master Teacher Level) and as always, we ask that listen to your own intuition as to when is the right time to start for you.

Once you feel ready to commence, please read through the information on Page 3 brought through by the Guides to help explain these new Blue Shield frequencies.

The Blue Shield Energies as seen by Gerry
(diagrammatically depicted)

The Blue Shield message from the Guides:

“At the beginning of our Transcending The Light pathway, we understand that although similar to the Pathway To Light, the energies at this level are significantly more enthroned (invested with power).

Here we follow a pathway that unfolds more deeply into our birthright, our destiny, our purity and along the way we release much suffering and darkness, in particular that which has been brought to us through the karmic actions of this lifetime.

We also prepare ourselves for the truth behind our being and use this to reflect the power of what lies within each of us, to those around us.

This is a very important pathway on the journey to one-ness, wholeness, or complete emptiness as we transcend the many layers of light in order to reach our destination.

For those of you who have not opened fully to the understanding of unity, then you will be presented with many ways moving forward to join and unite both yourself and others. We also experience a continued growth of unity with our earth as we progress through these higher and higher layers of love-light.

For now however, let us explain the transition taking place in the first phase of Transcending The Light - The Blue Shield.

*The energies at this level are brought to us via
“The Thirteen Pathways To Transcending The Light.”*

1. THE BLUE SHIELD PRACTICES:

Welcome to the Blue Shield practices. Before commencing the required practices, please read the note below about ensuring the energies are firstly activated.

NOTE: Before you begin your practices, please ensure that you have activated (unlocked) The Unified Truth energies prior to commencing.

The activation / unlocking process is a simple 5 minute process which unlocks the energies and gives you access to them. Once you have unlocked the energies, this means that you have activated **ALL** the energies in this whole ebook specifically for you. You are therefore then ready to continue your Unified Truth journey by working through this ebook, at your own pace and receiving the energies as you feel guided.

If you have not yet activated / unlocked The Unified Truth energies for yourself, you may do this by following the instructions on Page III of this ebook.

Looking at the outline table below, we start our Blue Shield practices by reciting 'The Thirteen Pathways To Transcending The Light'.

Phase One - The Blue Shield

Day	Info
1 - 42 (6 weeks)	Recital of The Thirteen Pathways To Transcending The Light
43 - 48	Rest
49	Recite the invocation
50 - 54	5 days rest to allow the transcension to take place
3 weeks rest before commencing Phase Two (Days 55 - 75)	

These are a series of teachings which also have an array of energies embedded into them so that when we recite them, it is like we are calling on these beautifully uplifting energies so we can receive these into our consciousness. **These Thirteen Pathways are to be recited (either out aloud or silently as you wish) for a period of six weeks either once or twice per day.**

And as mentioned above, by reciting these elements, it is helping you draw these new energies into your energy field and therefore allowing them to do their magical work; thus opening your energy field up further & further to this new light.

The Thirteen Pathways To Transcending The Light are as follows:

The Thirteen Pathways To Transcending The Light

Element 1	Forgiveness - Forgiveness for all beings; past, present & future.
Element 2	Release - Release from Samsaric suffering for all beings.
Element 3	Opportunity - Stepping into your light for the benefit of all.
Element 4	Renewal - The renewal of faith, for all.
Element 5	Peace - Transcending ego-bearing elements for peace and harmony to awaken in all.
Element 6	Trust - Removing the element of deception and unfaithfulness so that all may see the pathway clearly.
Element 7	Ignition - Resolving injustices to ignite acceptance of all and for all.
Element 8	Freedom - Freedom of informed choice.
Element 9	Acceleration - Accelerating consciousness towards new unforeseen bounds.
Element 10	Elimination - Removing all obstacles of destruction, enforcing peace, love and free will.
Element 11	Reduction - Manifesting the will to preserve the earth and all of it's inhabitants by reducing greed and attachment.
Element 12	Love - Extending the bounds of limitless love in every direction and dimension for the greater good of all.
Element 13	Enjoyment - Happiness and love through 'giving back'.

THE UNIFIED PATHWAY TO TRANSCENDING THE LIGHT

VOLUME 1 - THE UNIFIED TRUTH

Throughout these six weeks, the energies do seem to compound and manifest slowly so it may be some time before you can feel things moving from within. After the full six weeks is complete, the required energies will have been brought into your energy field and as a result, shifts in the consciousness can now begin.

The Guides have prescribed that we need to wait for a period of 7 days after reciting the Thirteen Pathways to allow for such changes to take place within the energy field. And it is here where there may be a period of suffering as we struggle to let go of the "old" and transcend to the new.

In light of this challenge, we would therefore like to remind you of the very important concepts of '**embracing the new**' and '**releasing the old**' with love as this will help to ease the suffering being experienced at this level. By keeping these two concepts in mind, it will help you to release any unnecessary 'clinging' to the old energies and will allow you to move forwards with the transcension process more easily.

To help with the process of letting go, you may be interested to listen to our '[Letting Go' Healing & Meditation Music with Subliminals & Binaural Beats](#). This audio has been beautifully designed by Love Inspiration to use subliminal messaging (in conjunction with binaural beats) so that you can receive many types of 'letting go' thoughts just by listening. Headphones are required (for the binaural beats to be effective).

The audio track plays for 30 minutes and contains five uplifting 'letting go' affirmations which are being repeated over and over again within the music, the sounds & other background noise. The affirmations are:

"I let go with love"

"I release all my past hurts"

"I let go completely"

"I release anything that I no longer require"

"I forgive myself with love"

As you listen along to this (even if it is just playing in the background) you are opening yourself up to receiving lots of wonderfully happy, positive and loving thoughts and the best part is, your sub-conscious mind is actually better able to absorb these affirmations because you are bypassing your otherwise doubtful, fearful and other conscious mind barriers.

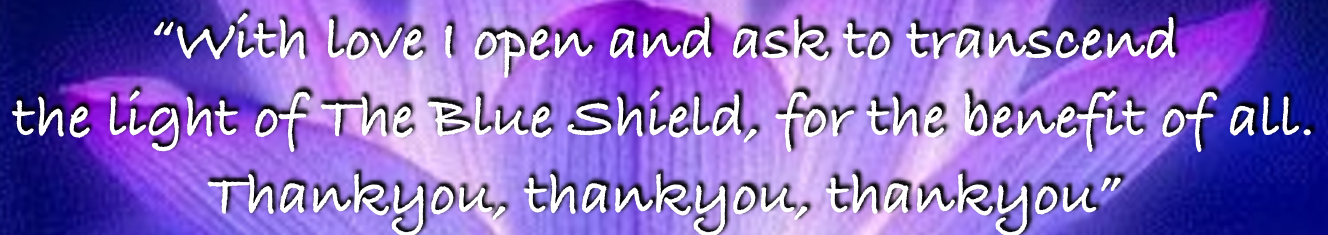

Transcending The Blue Shield:

After the 6 week period of reciting 'The Thirteen Pathways To Transcending The Light' plus the one week of rest, you will then be able to transcend the Blue Shield.

This is a very similar process to receiving an attunement in that you will need to sit for around 15 minutes to allow the process to begin.

Please note that you will not be receiving a healing 'dose' of energies here but rather, as you have already done the required 'work', you will simply be ***opening a doorway*** to allow for the transcension to take place.

When you feel ready, please make yourself comfortable, prepare yourself and then recite the following a minimum of three times within a 15 minute duration i.e once every 5 minutes. (You are also able to continuously repeat this intention during the 15 minutes if this helps to focus your mind). As always, please use your intuition here and do what feels right for you.

"With love I open and ask to transcend
the light of The Blue Shield, for the benefit of all.
Thankyou, thankyou, thankyou"

For those who are sensitive to the energies, you may feel a slight 'lifting off' or 'raising' sensation as these energies help to transcend you into higher consciousness during this time. However, it is not so important what you can or cannot feel during this time - just know that you will be opening the doorway to the transcension process and this will now be guiding you towards transcending to these new & higher states of consciousness.

After you finish your 15 minutes, the Blue Shield 'transcension' process will continue for a period of 5 days and as the Guides explained, this time allows for the full transcension to be completed.

After this, the Guides prescribed that we wait an additional three weeks for the complete assimilation of the energies before progressing forward into Phase Two.

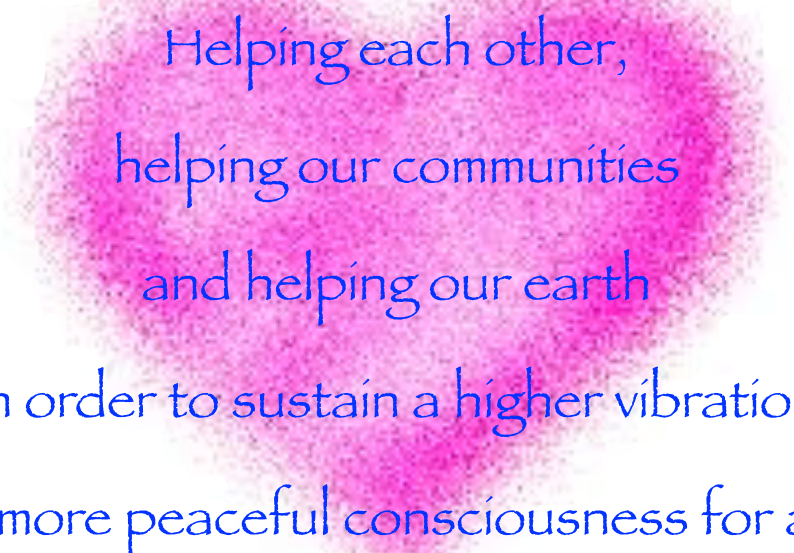

2. BLUE SHIELD ADDITIONAL INSIGHTS:

Throughout the six week period of reciting the Thirteen Pathways To Transcending The Light, Marty and Gerry were prompted to remove all forms of leather products in their life, as the next step in their vegan pathway. They also resonated more strongly with organic foods and began to bring these more into their life. They believe these changes came about as they 'released the old' and moved into higher frequencies of consciousness thanks to the Blue Shield.

In addition to this, Marty and Gerry also attended a "future living skills" course which embodied many aspects of taking care of our earth and her resources, from waste management, water quality & sustainable building to organic farming.

It would therefore appear that for them, this "transcending" level expanded their perspective for this healing pathway i.e. rather than just healing themselves, they then moved towards bringing unison & harmony with a wider or expanded consciousness.

Helping each other,
helping our communities
and helping our earth
in order to sustain a higher vibration
& more peaceful consciousness for all.

At the end of the six week period, as the energies started to compound and heighten, Marty and Gerry also experienced a week of deep emotional and physical purging in what was a rather intensive period of suffering. This they understood to be the clearing of darkness, impurity and imperfection prior to the transcension process taking place.

Marty and Gerry again explain this information about their pathway in the hope that it may help you with whatever you are going through during this Blue Shield journey.

As always, everyone's journeys are entirely different but we hope that you are able to see some changes within your life that show the progress of your Blue Shield transcension!

We wish you well for your journey into Phase Two!

PHASE TWO: THE ANALOM SEQUENCE

WELCOME, WITH LOVE, TO PHASE TWO - THE ANALOM SEQUENCE:

Welcome to Phase Two! After what has been a very rewarding period of healing & growth through The Blue Shield practices, your energy field will now be ready to start receiving The Analom Sequence (after a period of 3 weeks from the completion of The Blue Shield).

The Analom Sequence allows you to receive a beautiful array of energies over a period of 14 days with 14 different symbols. We use one symbol per day and each symbol will help you to bring in the required healing energies so that you can then progress through to receiving The Pentecostal Rite in Phase Three.

The Analom Sequence of healing energies is received very easily as follows, by placing the applicable symbol into the ***Third Eye Chakra*** for the timeframe given:

- ✱ Days 1 - 6: complete the symbol practice once per day (for 1-2 minutes)
- ✱ Days 7 - 12: complete the symbol practice twice per day (for 4-6 minutes)
- ✱ Days 13 - 14: complete the symbol practice three times per day (for 8 minutes)

On each day, please use the applicable symbol (outlined & drawn on the below pages) and please be sure to start each practice session with an intention to benefit all. As you set this intention, now place the relevant symbol for that day into your Third Eye Chakra for the time duration described above and enjoy!

IMPORTANT REMINDER: When you activated the energies for this ebook (on Page III), this has activated all of the energies for the entire ebook. Therefore, you can simply follow along with the below instructions to receive these Phase Two energies with love!

PHASE THREE: THE PENTECOSTAL RITE

WELCOME, WITH LOVE, TO PHASE THREE - THE PENTECOSTAL RITE:

Welcome to the final phase of this first volume of Transcending The Light! The healing energies being introduced here help to bring us to another transcension gateway as you are showered in light, love & understanding.

The energies & healing practices of The Pentecostal Rite are received over three main parts, with each part playing a vital role in helping the energies to heal, purify & enlighten:

Part A: In this first part, you will be working with a total of four 'master coated' symbols over a period of **19 days**. 'Master coated symbols' simply means that these symbols contain a wide array of healing energies in order to better facilitate your healing & growth.

Part B: In this second part, we introduce one 'Master Symbol' and will work with this one symbol for a total of **19 days** as the energies continue to help you release & let go of many kinds of old & unwanted energies that no longer serve you for your pathway forwards.

Part C: After doing all of the required healing work through parts A & B, you are now ready to receive 'The Pentecostal Rite' transcension which is received into your consciousness over an **18 day rest & digest period**.

Enjoy transcending into this new understanding & realm of consciousness as you go about your daily life!

1. COMPLETING THE PRACTICES FOR PART A:

To introduce the practices for us, please enjoy these loving words from the Guide Rhealon:

“The expanded growth continues further outside of your own control. As a part of this pilgrimage journey, one awakens further to the true destined truth of becoming one, and in order to do this one must become unattached to the ‘necessities’ of everyday life.

Although there are many physical needs to be met, there is no conditioning on this pathway that accustoms one to excessive consumption of man-made comforts and ‘delicacies’ as you call them.

Paramount is the understanding of freedom from attachment and in particular greed - as it has so incredibly shaken up your earthly world. Worldly possessions serve a purpose - but do not dictate who you are or why you are here. They are a byproduct and basic necessity of living a human existence; yet do not let them ‘consume’ you.

A part of this destined understanding is to let go of the ‘need’ to live and the ‘quality’ of that need - and then to begin simply living (without need). There is a ‘whole’ difference here that we speak of.

These 4 symbols are master-coated; meaning their one-vibration is made up of many, in order to simplify the process of receiving the energies. Each one has a unique purpose to fulfil and therefore should be completed in order of 1 - 4.

New realisations are afoot and are ready to burst into your divine understanding. Take with you what you need and allow the old ‘leaves’ to fall, for this will serve you wholesomely.”

~ Rhealon

THE UNIFIED PATHWAY TO TRANSCENDING THE LIGHT

VOLUME 1 - THE UNIFIED TRUTH

Here is an easy to follow summary of the symbol practices in Part A. And as you can see, there are four master coated symbols being introduced here, with each symbol requiring 4 days of practice, twice per day (i.e. once in the morning and once in the evening). You will notice also that each symbol requires one rest day in-between to allow for the necessary healing & purification to take place.

► **Symbol 1 - Hexalon (Days 1-4):**

Draw the symbol with your mind's eye, repeating the symbol's name. It will go to where it is required and therefore, there is no need to actually place or project this symbol anywhere into your body. Just relax, open up and absorb these energies for **14 minutes** or until you feel the energies drop off. Please complete this practice twice per day for four days i.e. once in the morning and once again in the evening.

SYMBOL 1: HEXALON

(Pronounced Hex - ah - lon)

HEXALON

HOW TO DRAW HEXALON

As you are absorbing the energies during this 14 minutes, please bring your conscious mind to that of 'need' or attachment. It appears that this first symbol is here to help us to surrender our needs, so during the symbol practice time you may wish to make a list of your own 'needs' that you wish to surrender. These can then be recited / read throughout this four days of symbol practice (i.e. on days 1 - 4).

Some examples of surrendering your 'needs' may be:

- * *I surrender my need to be happy*
- * *I surrender my need to have security*
- * *I surrender my need to be loved*
- * *I surrender my need to 'need'*

- * *I surrender my need for a home*
- * *I surrender my need for perfection*
- * *I surrender my need to suffer*
- * *I surrender my need to be right*
- * *I surrender my need for life*
- * *I surrender my need to be wanted*
- * *I surrender my need to have enough*
- * *I surrender my need to be responsible*
- * *I surrender my need to know*
- * *I surrender my need to make others happy*
- * *I surrender my need to work*
- * *I surrender my need to fight / disagree*
- * *I surrender my need to be healthy*
- * *I surrender my need to be careful*
- * *I surrender my need to be in control*
- * *I surrender my need for punishment (self sabotage)*

Use whichever ones resonate with you and please be sure to add some more of your own, whether they are big or small! At the end of your recital you can complete your surrendering with the following:

**"I hereby ask the Universe / God / Creator to help me to surrender all 'need' and replace it with LOVE for the entire and infinite benefit of all.
Thankyou, thankyou, thankyou."**

You may wish to finish this within your 14 minutes or alternatively continue the recital for as long as you feel is required for you to digest these concepts and new energies.

You may have noticed here that during this symbol practice, we have now moved more deeply from surrendering our 'wants' into now surrendering our 'needs'. And this may be a rather large step for you at this time, as it was for Marty and Gerry!

For anyone concerned about how life would be once we surrender our 'needs', Gerry was also questioning this; if we surrender our need for something, does that mean the opposite will happen? So she asked the Guides the following question:

If I surrender my need to be healthy, does that mean I will get ill?

The response she received was as follows:

“Surrendering any ‘need’ or ‘attachment’ allows one to become more free, thus creating more health and wellbeing for oneself and for all. Do not limit your perspective to fear (*the fear of being ill*); rather expand your perspective to allow a full abundance of love!

All that we see, we create. See love awakening in every aspect of your healing for it is indeed so. Enjoy!”

What a beautiful response! Gerry took some time to reflect on this and you may wish to also!

During this first four days of Hexalon symbol practice you may also wish to use Pranayama to help surrender your needs and attachment. Throughout the information download, the Guides recommended ‘alternate nostril breathing’ Pranayama, using one nostril to breathe out need / attachment and the other to breathe in LOVE.

Please visit our website for more information on [Alternate Nostril Breathing](#) and to see a short 2 minute video outlining the technique. Once you have a basic understanding of the technique, you can then add the ‘*breathing out need / attachment*’ and ‘*breathing in love*’ parts. Don’t worry if it seems a little odd to begin with, or if you feel you aren’t getting it properly - just focus on breathing in love and breathing out need / attachment, this is the most important part!

Additional Insights For Releasing Attachment:

To release and surrender our attachments is often one of the most difficult parts of any journey towards one-ness. It is something that can take many years & lifetimes to master and something that we are very happy to now be receiving some energetic assistance with through these healing energies!

To further assist us with this process of releasing and surrendering our attachments, we often find that it is good to have some understanding about how our attachments arise from within us and what impact they have on our life.

We have already heard from the Guides that by reducing our attachments, it can help us to bring more health, wellbeing and understanding into our life. So let's have a quick look now at some of the deeper aspects of where our attachments come from.

Firstly, let's start with the fundamental truth or idea that we are all infinitely divine beings. We are all inter-connected and in one-ness with the collective consciousness at the deepest and purest level of our being.

Sadly however, due to many kinds of impurities and imperfections, we are not able to fully realise this magnificent and divine aspect of ourselves. We are cloaked in many kinds of karmic debris and as such, we walk here in this physical realm believing that we are just an individual or an 'I'.

In Buddhist Dharma, this belief in the 'I' or the clinging to our ego is defined as *ignorance*. In simple terms, we are ignorant to the one-ness and divine-ness that we truly are and instead, we believe in the 'I' consciousness and the concept of being separate from one another and the universe. It is often said that:

Ignorance is the root of all suffering.

Because of our belief in the 'I', we wander through life finding things that 'we' like (which leads to attachment) and things that 'we' don't like (which leads to aversion).

Ignorance, attachment and aversion are said to be the three main roots of suffering. From these roots come many other types of afflictions and conflicting emotions such as greed, anger, jealousy, pride, desire and so on. In Buddhist Dharma, these emotional states are said to be the main causes for all suffering.

To highlight this, let's now look at a quick example of how something like attachment can actually bring more suffering into our life. After all, is it really that bad to want things?

Let's say we find something in a shop that we really love and very naturally we form an attachment to it. We buy it and with time, we feel a strong love for this 'thing' and feel that we just couldn't do without it in our life - this is a very common feeling of attachment.

Very naturally then, if someone else would want to take this thing from us, we would be very reluctant to let it go. After all, it makes our life easier or more comfortable or better in some way so no, we would rather keep it for ourselves. This is the feeling of attachment explained in very simple terms.

So if we then lose this special something e.g. it breaks, we are quite naturally upset and thus we experience a mild form of suffering - this is the first way that attachment can bring us suffering.

A very good way to help with this is to recognise that everything is *impermanent* and thus is destined to leave us at some point, thereby helping us to reduce our attachment.

Impermanence:
not permanent or enduring;
transitory.

Secondly, attachment can also promote selfishness, miserly-ness and excessive self-cherishing (which can lead to future states of suffering through karma). Say for example, that someone else could benefit from our 'thing' and wanted it for themselves. Some of us will probably not be so generous and give this away due to our strong attachment to it. Thus, our attachment is said to lead us towards future states of suffering rather than happiness.

And lastly, if we have attachment, we quite naturally do not want to run out of the 'thing' we are attached to. Say for example, money. We can spend so much of our life obsessing about how much money is enough to live on, how much we 'need', to the point of trying to accumulate large sums, just in case something happens. In this way, we can see here that attachment can also be a very subtle prelude to **greed** which is again said to lead us towards future states of suffering.

Perhaps most importantly though is the idea that attachment helps to promote a reinforced belief in our 'I'. 'I' need it, 'I' cannot do without it, 'I' really like it, how can they do this to 'me'. And it is this concept of 'I' (our ego) that is steeped in ignorance and only serves to bring us more suffering and reinforce a very limited perspective of ourselves.

So if we can slowly release and surrender our attachments, it is almost as though we are acknowledging more and more that we are an infinite and divine being. We acknowledge that giving for the benefit of others will also benefit ourselves, more than we could ever know.

With the feelings of non-attachment, we are better able to practice generosity, loving kindness and compassion and therefore, we are more able to move towards higher and happier states of being in the future. These kinds of emotions and actions lead us to real & genuine feelings of happiness, joy and love in our life.

Attachment in particular is a very natural feeling that comes with living a physical existence. Obviously, we all have certain physical needs that have to be met in order for us to survive, however are you able to look inside yourself and examine what kinds of mental attachments you have? Are you able to release some of these attachments?

- ♥ *Can you surrender them in the understanding that you too will gain much from this practice?*
- ♥ *Can you try to release some of these attachments in the next few days or weeks?*
- ♥ *Can you surrender these through your practices to help you move forwards towards one-ness?*
- ♥ *Can you reflect on the many benefits of not needing so many things as you slowly reduce the egoic controls and embrace the one-ness frequency at a new level?*

As you release and surrender more and more, you will no doubt experience a further reduction in the feeling of the self-cherishing 'I' and thus, you can move to a deeper sense of one-ness, for the benefit of all!

► **Symbol 2 - Bialon (Days 6-9):**

After resting on day 5, you can now begin the Bialon symbol practice on days 6 - 9. Please draw the symbol Bialon with your mind's eye whilst repeating the symbol's name. Again, this symbol (and the energies) will go to where it is needed and as such, there is no need to project or place this symbol into one specific area of the body. Just relax and absorb these healing energies for **14 minutes** (or until you feel the energies drop off) twice per day for 4 days i.e. days 6 - 9.

During this symbol practice, there is no need to specifically draw your attention to 'surrendering your needs' as we did in the first symbol practice, however you may find that as you progress through the Bialon practices that you gain more and more understanding about your 'needs' in general. Specifically the "material" things that we **think** we **need** in this lifetime.

Take note on how you perceive material possessions in this world. Must you own your own house? Your own car? Or how about the smaller things we **think** we "need". Our cell phone, our computer, our television?

What perceptions are changing for you during this symbol practice? Think about your own attachment to these items. You may wish to incorporate into your Bialon symbol practice any new realisations, understandings or changes coming about.

To expand on your new understanding of material possessions or 'stuff' in your life, you may like to watch this simple you-tube video "Story Of Stuff". This is a great little 20 minute video that takes us through the amazing globalised picture of stuff.....

"From its extraction through sale, use and disposal, all the stuff in our lives affects communities at home and abroad, yet most of this is hidden from view. The Story of Stuff is a 20-minute, fast-paced, fact-filled look at the underside of our production and consumption patterns. The Story of Stuff exposes the connections between a huge number of environmental and social issues, and calls us together to create a more sustainable and just world. It'll teach you something, it'll make you laugh, and it just may change the way you look at all the stuff in your life forever."

[Click here to watch the "Story Of Stuff"](#)

Pay particular attention at 4.46s in the video, where you will hear the following words - seemingly taken on by our cultures:

"If you don't own or buy a lot of stuff, you don't have value."

If we look around in today's society, we can see that this idea of having and consuming 'stuff' is something that is reinforced over and over again in our society. Perhaps this is why we are being guided through this kind of spiritual work - to help release ourselves from the bondage that comes from excessive attachment to such things.

It is the idea that we slave away working many hours a day, often pulling us from our True Pathway, just so we can afford a nice house, a vehicle, cellphone, computer, television..... etc etc etc.

And as a famous Guru once said - you can consume things, just don't be consumed by them!

And with this, we move into these higher levels of realisation. All of this may be something that you wish to now reflect upon during your symbol practice and/or other meditation practices.

► **Symbol 3 - Analon (Days 11-14):**

After resting on day 10, you can now begin the Analon symbol practice on days 11 - 14. Please draw the symbol with your mind's eye, repeating the symbol's name. These energies will again go to where they are required (i.e. you do not need to draw it in a specific place / part of your body). Relax and absorb these energies for **14 minutes** or until you feel the energies drop off, twice per day for 4 days i.e. on days 11 - 14.

SYMBOL 3: ANALON

(Pronounced Ann - ah - lon)

ANALON

HOW TO DRAW ANALON

An additional message from the Guides:

“Continuing on with the release of attachment, symbol three takes us on a journey of new self discovery. How do the things we hold value to, condone our actions and mind-sets? What are we holding on to; perceptions, beliefs, attachments that limit our being? If we could erase the memories of ‘clinging’ and bring to the surface only love, how would this affect our well-being? How much less suffering would one endure if one were to simply let go - and allow things to come and go as the Universe intends. This inception requires quite an implantation in the conscious mind yet what if it were possible - to be free from attachment and the worries & fears that go hand-in-hand with it? Food for thought as we move into the final Symbol 4 practices.”

► **Symbol 4 - Monalon (Days 16-19):**

After a rest day on day 15, you are now ready to start the Monalon practices. Simply draw the symbol with your mind's eye, repeating the symbol's name. It will go to where it is required (i.e. you do not need to draw it in a specific place / part of your body). Relax and absorb these energies for **14 minutes** or until you feel the energies drop off. Repeat this process twice per day on days 16 - 19 (once in the morning and once in the evening).

There are no specific intentions to work with during this symbol practice, however you may choose to continue working with the release of attachments if you wish.

SYMBOL 4: MONALON

(Pronounced Monn - ah - lon)

MONALON

HOW TO DRAW MONALON

This now completes your Part A practices. There is 3 days rest before commencing Part B. Enjoy!

2. COMPLETING THE PRACTICES FOR PART B:

The master symbol energies (Eeleon) in part B can be received after a minimum of 3 days from completing the final day of Monalon symbol practice.

To help us introduce these new Master Symbol energies to you, let us now hear from 'The 3 E's' as they introduce this next step to us:

“Eeleon - The breaker of Tides. The ebb and flow of all things unfolding has come to a release. This Master Symbol will help you to prepare for the forthcoming energies and is a blissful stepping stone towards your own potential. May it awaken the light within you and set all sentient beings free.

With light, The 3 E's - Ermitron, Eeleon & Eliquon

Eeleon, the Master Symbol, is a complex and integrated system of energies which allows more true insight into your true balance to unfold. Too many times we are pulled off balance or off-course and so it is time to rekindle the 'true balance' - LOVE.

From within comes and lies the great pathway; the one which we are ready for and the one we know for ourselves as being the truth; our truth. Let this symbol unfold it further and further to awaken the truth-light; that which glows for all. Master Eeleon will show you the way.

Consecutive sequence to be completed - day on, day off for a total of eight cycles. Once per day put the Master Symbol into the forehead. Ensure you use the words and/or intention 'to open my truth for the benefit of all'. Sit for as long as you need; this may decrease in time as the cycle progresses. Begin the cycle 3 days after completing the final Monalon symbol practice.”

Please find below the symbol Eeleon:

Day 39 - Start receiving The Pentecostal Rite (Part C)		

Regarding the actual symbol practices, the Eeleon symbol is to be worked with on the first day of each cycle, once on that day, for as long as you feel necessary. The symbol is to be placed into the forehead area with the specific intention **"to open my truth for the benefit of all"**.

Throughout each of these 8 cycles, both Marty and Gerry experienced a lot of different healing crises. Gerry experienced a lot of physical ailments such as bruises, cuts, burns and scrapes along with many feelings of being lost and without direction. Marty also experienced a loss of direction and also physical ailments such as periods of being light-headed.

Immense emotional healing was also being undertaken at the time as they both grappled with the idea of losing their attachment to things. Gerry's family farm sold during this time period and was a most traumatic time, clearing through family items from many years past. What an attachment to "stuff" we have! These states of suffering continued right through to day 39, where The Pentecostal Rite started to come through and the energies finally seemed to shift a little.

Please be aware of your life's circumstances during this time (as in all healing) to see what you are being guided to let go of for your journey forwards towards the light - there are many things to be learnt from what you are currently facing in your own life!

3. COMPLETING THE PRACTICES FOR PART C - THE PENTECOSTAL RITE:

And here we are at the finale, Part C- The Pentecostal Rite. All of the healing & purification that were received through parts A & B have now meant that you are ready to receive The Pentecostal Rite! These energies can be received from day 39 i.e. immediately after you finish your final cycle of Master symbol practices from part B.

And as we've already mentioned in the above sections, these Pentecostal Rite energies are received as you go about a rest & digest period - wonderful!

To be more accurate, the rest periods of part C, can be separated into three main categories:

- i) The 18 day Pentecostal Rite Period**
- ii) The 5 day rest & transcend period**
- iii) The 14 day rest & digest period (*before advancing onto Volume 2*)**

✿ i) The 18 Day Pentecostal Rite Period

Here is the information that was received from the Guides for this 18 day period of The Pentecostal Rite energies:

“On the day after the eighth cycle is completed, you are embellished with The Pentecostal Rite. This is a series of energies that you have now earned. There is nothing that you need to do other than simply know that these energies will be installed - absorbed - radiated into your soul being over the coming 17-18 days.

The Pentecostal Rite has four phases, and like the dial on a clock, each phase follows the previous. Know simply that you have earned a great honour by completing the eight cycles and fulfilling the requirements for The Pentecostal Rite.

It is called The Pentecostal “Rite” because it is an earned rite of passage and one should indeed be congratulated for enduring to this level.
Congratulations.”

~ E-Harmony

The Pentecostal Rite was shown to Gerry as a circle with 12 fan like diving segments. Instead of being shown as solid lines (like in a symbol) The Pentecostal Rite was shown as a series of golden lights similar to the diagram below:

The energies of The Pentecostal Rite

During these 18 days, both Marty and Gerry continued to be greeted with the issues of attachment as they were being guided to delve deeper into confronting these issues in their lives. As Gerry's family home and farm sold, she found wisdom in pondering the following quote:

**"Our suffering comes from our attachment to people and things,
our repeated attempts to find something lasting where there is
nothing lasting to be found."**

On the final day of receiving The Pentecostal Rite energies (i.e. on day 18), Marty and Gerry received the following information about what the Guides described as "The Illusion Point":

"**The Illusion Point** - when you fully realise that the truth does not come from 'outside'. The point at which you realise - and fully comprehend, that everything 'outside' of us is an illusion. This means that what we see is not real, but in fact a version distracting us from our true inner self. An illusion created to abstain us from the truth and to keep us in the continuance of suffering."

Following The Illusion Point, Marty and Gerry then moved on to reach a new realisation which was described to them as the 'Breaking Point'.

"**Breaking Point**" - A shift in reality allowing us to see through the illusion of Mara."

And after this breaking point, true realism abounds!

Wikipedia explains Mara in Buddhist philosophy as being like a demon:

"The tempter, distracting humans from practising the spiritual life by making mundane things alluring, or the negative seem positive. Mara personifies unwholesome impulses, unskillfulness, the "death" of the spiritual life."

For Marty and Gerry, Mara appeared to them as the desire to have a house, car, career & to 'keep up with the Joneses'. They have since realised that all of these illusions are what society deems to be a measure of 'success'. Things like being married, being financially secure, having a house, a big house, having a family, having a partner are other such examples of what society may deem to be successful.

Throughout these transcending the light teachings so far, you have been guided to contemplate more and more about your attachment to things in your life. You may have been noticing that some of those

'important' things that you used to hold so dear don't seem to have so much importance anymore.

So if we then take this another few steps down the rabbit hole; what happens after we release and surrender *everything* we (or society) deems important in our life? What happens when we are just left with ourselves?

Perhaps such thoughts may bring about feelings of being a little numb, empty or depressed.....As our minds constantly question & analyse what is actually left when all of that 'stuff' & attachment is gone. Time to reflect further in the 5 day rest and transcend period!

✿ ii) The 5 day rest & transcend period

It is here, during these 5 days that we suggest you ponder these types of important questions so that you can gain your own answers for yourself. The Pentecostal Rite energies will help you with this! (There are no 'practices' during the 5 days to complete).

Set aside some personal reflection time so that you can search deep within your own heart to find the answers that you seek. What is your purpose for being here? What are your deepest aspirations?

Allow your heart to speak to you (and listen closely); allow yourself to unlock your own divine knowing. We can assure you, all the answers you are looking for lie within your own Infinite Creator -self. We hope you enjoy this time and may it bring through many new realisations and light into your life!

The following information from Guide Hichon was received to describe the processes being undergone during this 5 days of rest:

"At the end of day 18 allow 5 additional days for
'healing and restoration'.

This is the pinnacle period of Phase One.

After the 5 days are complete (transcension period)
there are 14 days rest before beginning volume two.

The energies during the 5 day healing, restoration &
transcension period allow you to break through to a
new deeper and higher layer of light - another step
closer to the true oneness of all being. Allow yourself
time to grieve, say goodbye to the old and to manifest
the energies required for the continuation of your
Transcending The Light pathway.

The light here is clearer and cleaner than you have before seen and will hold you in good stead
for the upheaval into purer dimensions of the self and of the collective consciousness.

Be well and enjoy the 14 days of rest. The energies are paused here for your own rejuvenation
and true & actual rest.

Rejoice in the sublime. Give yourself the time you require. Be one with all.
Blessings be."

~ Hichon

✿ iii) The 14 day rest before commencing Volume 2

As Guide Hichon says, please enjoy these 14 days of rest for your own rejuvenation, rest & joyfulness! This is a time to enjoy things like time with friends, a relaxing massage, reading or anything your heart desires. Please be sure to listen to your body and give it what it needs as you continue adjusting to this newly acquired energetic vibration!

4. CONGRATULATIONS ON COMPLETING VOLUME ONE!

At the end of this final 14 day rest period, the Guides explained that we gain the realisation or accomplishment of The Unified Truth. We hope you enjoy this beautiful realisation and we wish to be the first to offer our personal congratulations for reaching this beautiful state of awareness.

Please enjoy these final words of wisdom from the Guides as you sit in this deeply loving & wisdom bound state of one-ness:

“At the conclusion of The Unified Pathway To Transcending The Light Volume One, there shall be a realisation or accomplishment known as The Unified Truth. This is the first marker stone in this series and represents a transitory phase of Truth realisations.

To open our hearts deeper to the Truth, we must first of all allow the release of the Untruth, the release of the un-will, the release of almost all that is ‘known’ to us. For behind this release, lies the heart of Truth which is to carry us forward into realisations to come. All but the untruth is to be embraced, embodied, empowered and realised for the benefit of all.

The Unified Truth represents a plane of existence that is beyond the limited understanding of simple physical reality; it is a plane reached only through love, compassion and goodwill for all.

To reach this understanding, there have been many hurdles - and we do realise and appreciate your suffering and your perseverance. To know the Truth is to reach an unparalleled understanding of who you are from the internal depths of all being. And here you are to be congratulated.”

Congratulations
on finishing The Unified Truth!

5. THE ADVANCED SYON CLEANSE:

For those of you who received [The Advanced Syon Cleanse](#) energies prior to commencing these Volume 1 energies, you will understand that it is important to regularly connect with these cleansing energies so that you are better able to let go and release old and unwanted energies from within. As a reminder then, let us now share the words from the Guides as they shared these energies:

“As you progress further on your deep healing pathway your energies will be changing frequently; releasing toxins and old unwanted energies often. It is therefore well recommended to take The Advanced Syon Cleanse periodically as you continue on your healing journey.”

“Do not underestimate the benefit of The Advanced Syon Cleanse as you progress higher and higher on your healing pathway. For you are now reaching levels of great healing and purification and therefore to enable an increased rate of acceleration, cleansing is required.”

Therefore, at the conclusion of these Volume 1 energies, we would like to again recommend that you take the necessary time to receive The Advanced Syon Cleanse before moving into the higher energies of Volume 2. These wonderful cleansing energies will be helping to make things easier for you and as we understand it, these advanced cleansing energies are particularly effective for those working with these types of higher vibratory healing frequencies.

Therefore, by receiving this cleanse, the healing & ascension process can be made a little easier as you are guided to clear away, release and let go of internal impurities & healing issues that may be arising from these higher level ascension based attunements. We hope that you will enjoy your Advanced Syon Cleanse!

6. ASCENSION HEALING BOOSTERS:

At this point on your Ascension Pathway, having now completed Volume 1 of TUPTTTL, we would like to remind you about [Ascension Healing Boosters](#) (AHBs). Some of you may have already signed up for one (or more) previously, but if you have not yet done so, now is a wonderful time to consider them! Ascension Healing Boosters are a way for you to 'boost' your healing journey by helping to remove your obstacles & karmic debris and also by providing you with opportunities to accelerate your Ascension Pathway journey.

We would like to reintroduce these energies here, relatively early on in your pathway, so that you can make the most of these divine opportunities being given by Higher Consciousness. Below is further information but you can find all the information on the [Ascension Healing Booster webpage](#).

Ascension Healing Boosters are an optional, payment-required ceremonial boost of energies for which bookings are required, and are available over eight different levels:

- Ascension Healing Booster
- Ascension Healing Booster II
- Ascension Healing Booster III
- Grand Ascension Healing Booster IV
- Grand Ascension Healing Booster V
- Grand Ascension Healing Booster VI
- Grand Ascension Healing Booster VII
- Grand Ascension Healing Booster VIII

The powerful 'boost' of an AHB provides each recipient with a substantial influx of divine healing frequencies so that they can reach an entirely new level of growth, expansion and purity on their divinely unique journey forwards. These energies are 'precisely tailored' to each individual and they work in conjunction with the Love Inspiration Ascension Healing energies:

“Once the AHB has been initiated, the results form a new level of radiance upon which each Ascension Healing (or Di/Tri-Ascension Healing) thereafter is dramatically shifted to an elevated level.”

AHBs can be particularly helpful for those who are experiencing a deep healing crisis or for those who wish to take a "palpable leap" forwards. AHBs are completely optional and are not a compulsory part of the Ascension Pathway; they are just an additional extra for those who would like extra help / acceleration on their journey.

If you would like to sign up for an AHB, please visit the [Ascension Healing Booster webpage](#). As places for each event are limited to only 10 recipients, it is a good idea to book in advance. Be sure to check out the table on the webpage as well, as this highlights all the acceleration opportunities that are available once you have received some AHBs. Wonderful!

Overall, the Ascension Healing Boosters are an incredible and beautiful gift from Higher Consciousness and we bow in divine gratitude for these amazing gifts. To see more ways to accelerate your Ascension Pathway journey, please also be sure to visit the [Accelerate Your Pathway](#) webpage. May these acceleration opportunities benefit all!
